JERICO

CBS • FEB. 12 • 10:00–11:00 PM

Back from the dead for a limited engagement, the postapocalyptic drama picks up where it left off last May—with Jake (Skeet Ulrich) and Hawkins (Lennie James) facing long odds in a fierce battle over salt and turf against the New Bern townsfolk. “We blew most of our money on this,” admits exec producer Carol Barbee of the clash. “There’s a

huge payoff.” Enter Esai Morales, who joins the cast as a military man who helps end the fighting and reestablish order. As for the future of *Jericho* the show, “With the strike going on and pilots getting derailed, *Jericho* is in a unique position if ratings are good,” says Barbee. Start sending in those nuts now, people. —Lynette Rice
